

## Organic “Chicken Manure” Fertilizer

KCCG is now selling organic fertilizer in the form of pelletized chicken manure. This product is “Omri listed” for organic production. 5–3–2.5 guaranteed analysis. All quantities are self-service.

### Application Rates:

- For vegetables:
  - Apply fertilizer at the time of planting at the rate of 2 lbs. per 100 sq. feet of seed bed and work into the soil.
  - For longer term fruiting plants (tomato, pepper, eggplant, cucumber, squash, melon, corn) – reapply (when flower buds have formed) at 1-2 lbs. per 100 sq. feet and rake lightly into soil.
- For perennial crops (berry plant, tree fruits, strawberries)- apply fertilizer early in the spring and again after plants have set fruit to give plants strength for the following season. Apply 1-2 lbs. per 100 sq. feet to base of plants and rake lightly into soil.
- For other small applications, two cups equals 1 lb.

### Quantities:

Small quantities can be picked up starting in mid-March during regular office hours. No advance notice or purchase necessary.

- 10 lb bag=\$2.00: We will have plastic bags available, but you are welcome to bring your own container.
- 32 lbs (5 gallon bucket)=\$4.00: bring your own 5-gallon buckets or borrow KCCG’s with a \$5.00 bucket deposit.

Large quantities can be picked up in mid-March and must be pre-ordered and pre-paid.

- 1 ton = \$220.00

The fertilizer will be available at KCCG office in Swope Park-

6917 Kensington Kansas City, MO 64132
