

# SCHOOLYARD GARDENS BEST PRACTICES DURING COVID-19

Do not visit the garden if you have symptoms of COVID-19 or have been in contact with someone who has COVID-19.

Communicate with school garden coordinator to schedule time to be in the garden.

Limit visits to the time frame agreed upon with your garden coordinator to keep occupancy low & so others can enjoy the garden.

Visit the schoolyard garden only with members of your household.

For the safety of fellow gardeners, wear a mask and avoid close contact with others by keeping at least 6 ft of distance.

Avoid touching communal surfaces when possible, sanitize communal tools, and wash your hands once you return home.

***For further instruction, please always refer to the school or district protocols in which the garden resides.***
