

## What Do I Need for a Successful Garden?

- ✓ A garden site with:
  - Nearby water access
  - Full Sun (8 hours/day)
  - Good soil conditions
- ✓ A clear purpose and vision
- ✓ At least two dedicated garden coordinators
- ✓ Interest and engagement from your community
- ✓ Time and interest in attending gardening workshops
- ✓ Budget for start-up and ongoing costs

## Grant Opportunities

Is your garden missing an ingredient? KCCG offers two grant programs to assist Community Partner Gardens:

The KC Grow Water Access Program, a partnership with the City of Kansas City, Missouri, helps community

groups access water for their gardens.

KCCG's Sprout Micro Grants fund construction supplies and soil amendments for

groups who serve populations with limited access to affordable, fresh food.

## What Are Community Partner Gardens?

KCCG collaborates with area groups to establish food-producing community gardens.

### Our partners include:

- Neighborhoods & Housing Complexes
- Communities of Faith
- Health & Nutrition Clinics
- Community, Senior, & Youth Centers
- Social Service Agencies
- Corporate Donation Gardens
- Government Agencies

## Why A Community Partner Garden?

Community Partner Gardens serve many purposes, including:

### Donation Garden

Produce from the garden is given to local pantries.

### Rental Plot Garden

Garden plots are made available to your members, residents or neighbors.

### Group/Organizational Garden

Food is grown for members, nutrition education and/or community meals.

### Youth Garden

Children & teens learn about nutrition as they grow food for families & neighbors.
